

PPM Cell performs following jobs in collaboration with Reservation Section:-

1. PPM Cell submits requisition to CPTM/GRC for-
 - (a) extra coaches twice a week (Monday & Thursday) on the basis of trend of traffic in different directions by various trains.
 - (b) special trains on the eve of various festivals, examinations & vacations after analyzing availability position of ^{berths in} trains.
 - (c) analyses occupation figure of special trains in every month and on that basis extension or cancellation of special trains is proposed.
2. PPM Cell gives various figures related to occupation and earnings, quota utilization of different trains to Railway Board, Operating Sections, Coaching Section and Reservation Section as and when required to enable Reservation Section to send reply.
3. PPM cell calculates earnings of coaches augmented temporarily and potential earnings of these trains in every month.
4. PPM Cell gives figures of augmentation of trains to General Section for MCDO in every month.
5. PPM Cell maintains various figures related to permanent augmentation, temporary augmentation, special trains, originating earnings etc.
